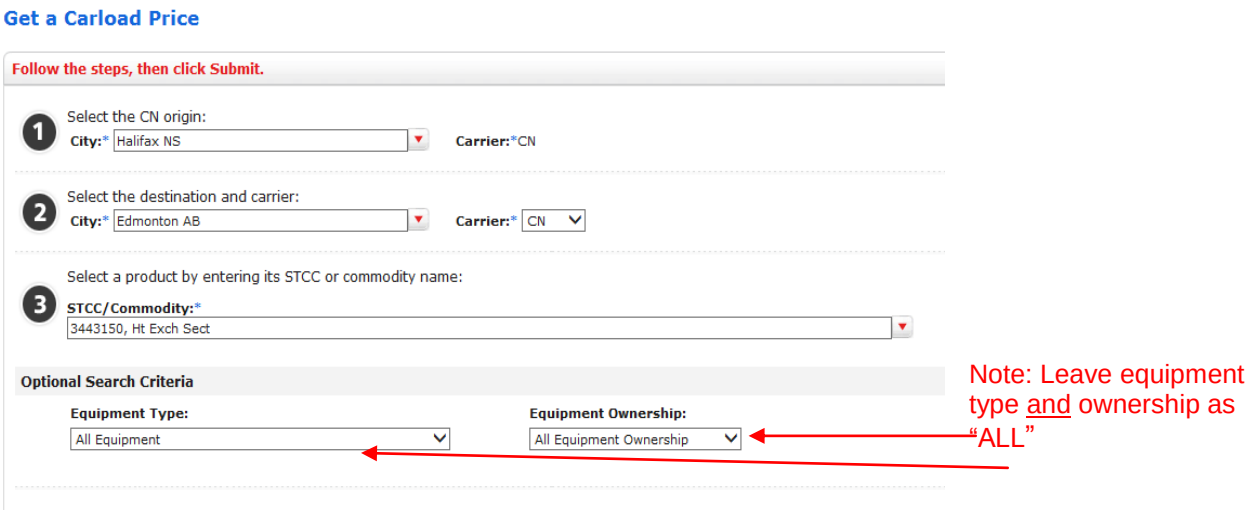
Steps for **Pricing your Dimensional Shipment**

1. Got to CN's website at www.cn.ca and login to ebusiness.

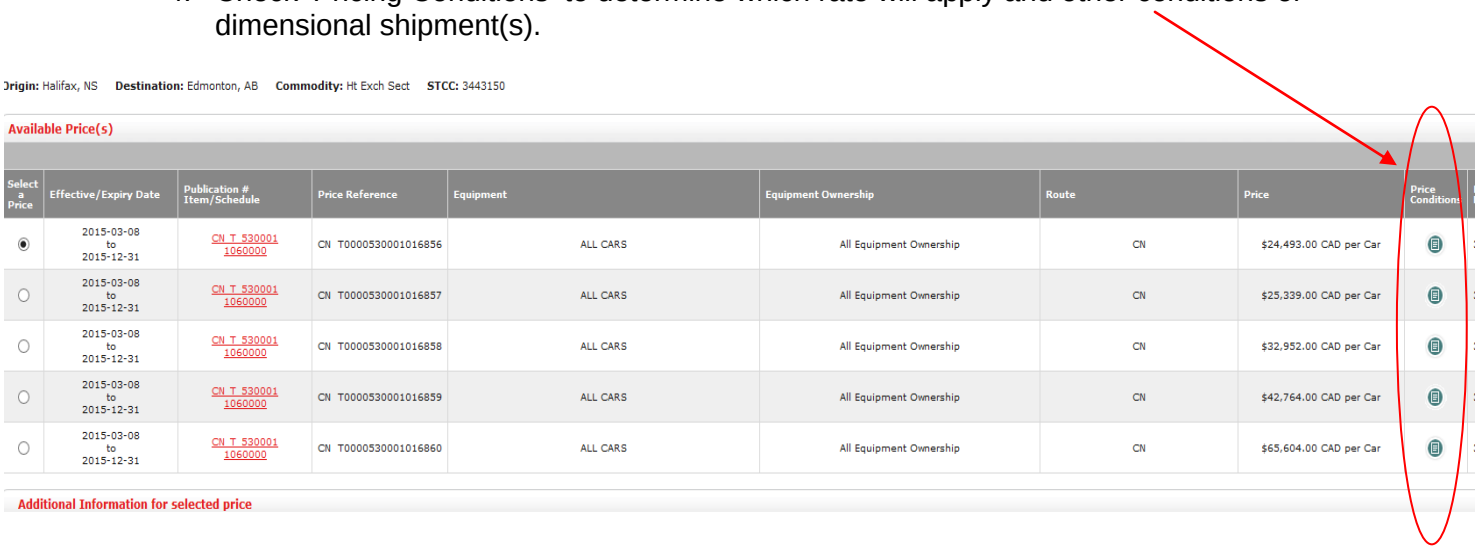
2. Establish correct routing protocol by using **Get Rail Miles and Routes** in order to use the correct Interchange location for a Rule 11 price or to determine if both the origin and destination points are served by CN directly. (final routing will be subject to clearance)

   If you are not a registered CN Customer please register online.

3. Click on Get a Carload Price under Customer Essentials on the website homepage and follow steps 1 – 3 as indicated below,



4. Check 'Pricing Conditions' to determine which rate will apply and other conditions of dimensional shipment(s).



Origin: Halifax, NS **Destination:** Edmonton, AB **Commodity:** Ht Exch Sect **STCC:** 3443150
