

COGEMA

CN's Unique
Rail-Ferry Service
to Labrador and
Northern Quebec

- **Only** connection to the North American railway system
- Link to CN's vast rail network reaching 75% of the North American market
- Ship any type of cargo from consumer goods, forest products, metals, petroleum and chemicals to heavy machinery and oversized and dimensional loads
- Safer and smoother than over the road for better product integrity
- Capable of carrying semi trucks between Matane and Baie Comeau
- Fully ventilated cargo hold
- Greener option - reduces road congestion and environmental impact from heavy trucks
- Transports over 500,000 short tons annually
- Year-round service
- Potential 7 days/week operation

We make shipping easy.

We offer a comprehensive one-invoice solution including originating line-haul, COGEMA rail ferry and connecting railroads, in the currency of your choice (USD or CAD).
