TOP THREE COMMODITIES

- Intermodal
- Automotive
- Metals

Large volumes of traffic are handled in Ontario, much of it at MacMillan Yard—CN's largest rail classification facility and our only hump yard in Eastern Canada. Mac Yard also has railcar and locomotive repair shops. Intermodal containers are handled at CN's biggest intermodal terminal in Brampton. The Toronto area also boasts a distribution facility for automobiles, one for forest products, two for metals, a logistics park, and two CargoFlo® bulk handling facilities. In addition, CN has forest products and metals distribution centres in Brockville, a forest products distribution centre in Atikokan, and an automotive distribution centre in Windsor.

Network Investments

The Milton Logistics Hub will strengthen the national supply chain and allow CN to address increased demand through modal shift from long-haul trucks to rail. With all major federal regulatory approvals in hand, construction began in January 2022 and the hub is expected to be operational by the first quarter of 2025.

Over the past decade, CN has invested about \$2.7 billion to build and maintain a safe and efficient network in Ontario and to support our supply chain partners. Expansion projects included the transformation of our intermodal operations. Maintenance projects focused on the replacement of rail and ties, plus upkeep of crossings, bridges, culverts, signals, and other track infrastructure.

Community Partnerships

In 2022, CN contributed to many Ontario-based organizations, including:

CN CYCLE FOR CHEO For the 15th year in a row, CN was proud to support the Children's Hospital of Eastern Ontario and be the title sponsor of CN Cycle for CHEO. Together, we raised over \$1.4 million to support the work that goes on every day at CHEO to fight cancer.

HALTON LEARNING FOUNDATION HLF partners with individuals, corporations and community foundations to provide funds for students in need, post-secondary scholarships, and schools to purchase tools and resources. CN donated to the HLF Student Success Fund.

AROUND THE BAY ROAD RACE Held annually in Hamilton with over 9,000 participants, the race is North America's oldest marathon, beginning in 1892. As the presenting sponsor for the past seven years, CN helped raise money for the St. Joseph Healthcare Foundation, Autism Speaks Canada, Teach for Canada, Cassie and Friends, and Canadian Cancer Society.

OTTAWA RIVERKEEPER Ottawa Riverkeeper is a champion for the Ottawa River watershed, providing leadership and inspiration to protect, promote and improve its ecological health and future. This includes the acknowledgement of the rights of the Algonquin Anishinabeg Nation within the watershed and a commitment to working together to build good relationships and shared understandings on water protection. CN sponsored Ottawa Riverkeeper's 2022 Gala.

GINOOGAMING FIRST NATION The Northern Ontario community of Ginoogaming First Nation unfortunately suffers high rates of suicide, drug overdoses, addictions, theft, and violence. CN donated toward the creation of a new security service staffed by local members. Since then, the community has been safer and more peaceful. Issues are addressed before they escalate.

OAKVILLE HOSPITAL FOUNDATION Diwali, the Festival of Lights, is celebrated by over a billion people around the world. Now in its ninth year, Oakville Diwali has raised more than \$1 million and attracts close to 400 attendees from across the GTA. CN's sponsorship helps the hospital provide compassionate, quality care to the people of Halton Region.
