

OBIE and MAX

Snow in the forecast?

The land beside railroad tracks can be very tempting for snowmobilers. But stay away! Riding or walking on this land is extremely dangerous – whether you're riding a snowmobile or an ATV. Trains are quieter than most people realize and the noise of your snowmobile or ATV means you may not hear a train coming. Learn all of Obie and Max's safety rules at

cn.ca/obie

Follow the path! As you find each of the letters, write them in the empty spaces below the puzzle for an important safety tip!

Can you spot the 5 differences?

Wow! Shipping by rail is about four times more fuel-efficient than shipping by truck.

But Santa's sleigh just might be faster!

Did you know?

A single freight train can replace up to 300 big trucks.

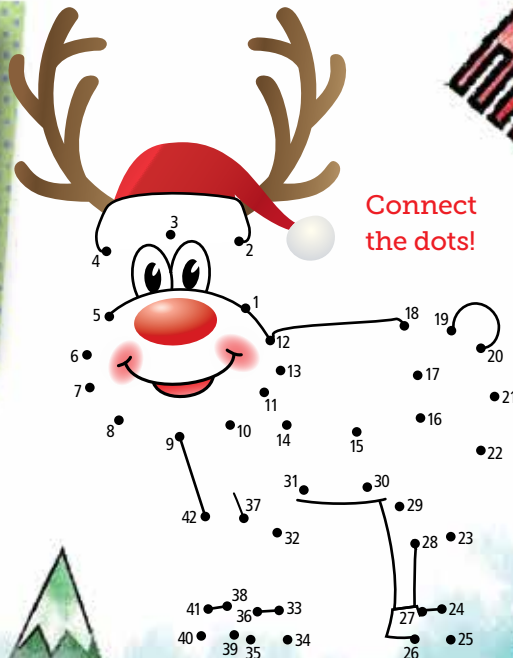

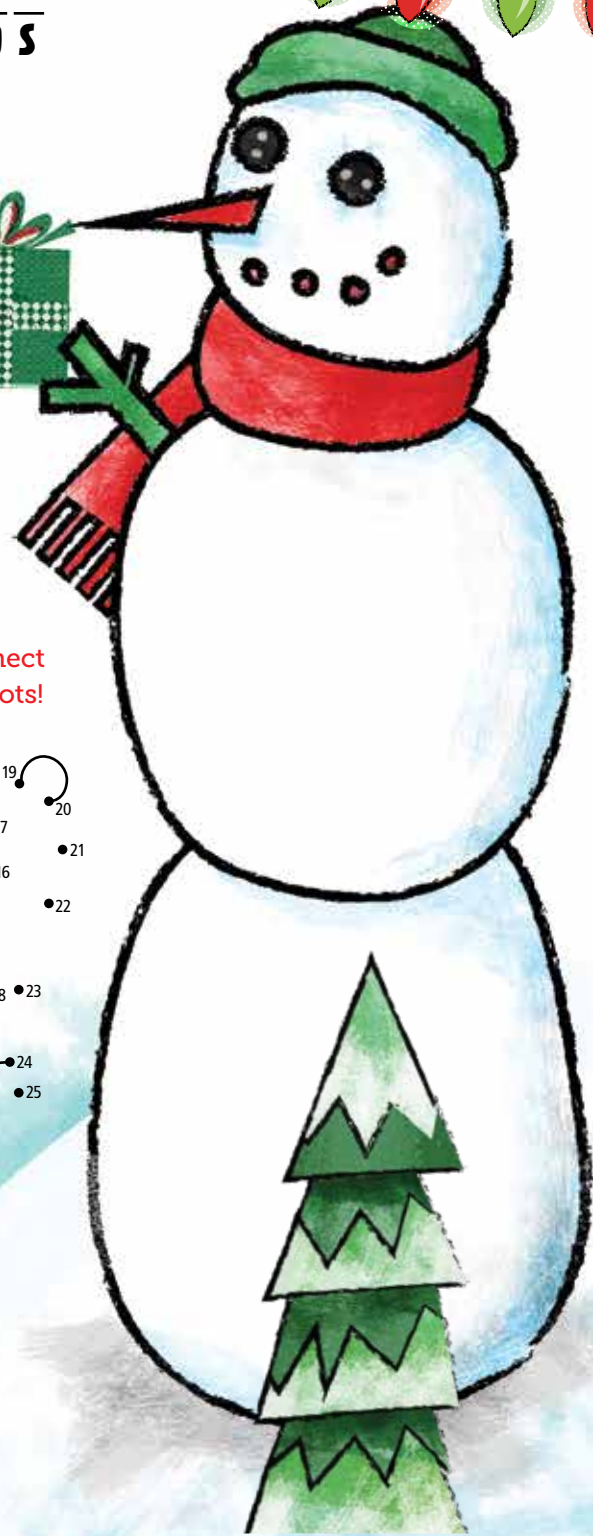

Obie and Max help Santa deliver great gifts to kids across North America. Unscramble the letters to find out what's inside the boxes.

Easy holiday craft!

Here's a bright idea for a holiday gift. Collect fallen pine cones, then paint them using acrylic paint. Use one or many different colours – even gold, silver or bronze metallic paint. Put a collection of them in a bowl or basket and you have a fantastic holiday decoration. Make one for your family, and a few more to give as gifts.
