## AUTOMATED GATE SYSTEM

# Ingate & Outgate Process

---

Ingate Kiosk ➡

To complete the ingate process, perform the following steps:

1. The driver (you) enters the lane and sees the Welcome screen.

2 When prompted by the Welcome screen, press ENTER using the on-screen keypad.

Welcome to the CN Markham Yard
SCAN PREVIOUS RECEIPT BARCODE
or
Press ENTER to Begin

3. When prompted, enter your driver's license number.

Driver License Entry
Type your Driver License Number:
Press ENTER when done.

4. Using the Biometric Scanner, scan the finger used to register with. When the scan is accepted, the ingate process continues. When the scan is rejected, the system initiates a security intervention.

5. When the system accepts the scan, enter your truck number - the number that is located on the cab.

6. The kiosk then records the truck's license plate number.

7. Enter the container or chassis number (CN does not accept trailers)
   a. If you have a container, enter that first.
   b. If you have only a chassis, enter that first.
   c. If you have a bobtail, press LAST SCREEN button.

8. When prompted for ingate configuration confirmation - verify the ingate and select YES or NO.
   a. When you enter YES
        the ingate process continues
   b. When you enter NO,
        the system prompts you for an **equipment identification**.

**9.** When prompted, enter L to indicate the unit is a LOAD or E to indicate the unit is an EMPTY.
21. CN Reservation Entry. All trans border loads and empties require an 8 digit reservation number (RV). (If you were not supplied with an RV press ENTER).

**22.** If unit is a LOAD you will be prompted to enter Shipper Seal Number.

12. If unit is an EMPTY and you have the booking number, enter YES.

13. You will then be prompted to enter the supplied booking number.

14. You will be prompted to select YES or NO to indicate damage to the unit that prevents the unit from being road-safe.

15. When you select YES, the driver vehicle inspection report screen appears. You should report any damages at this time.

16. You will then be asked if you are picking up. Select YES or NO.

17. If YES the Pickup Menu displays

Press 1 – for Specific Container ID (Loads only) will prompt you to enter pick up number
Press 2 – for all Empties (will prompt you to enter booking number or Empty order number). Empty lists available in registration office.
Press 3 – for Chassis
