### TOP THREE COMMODITIES

CN has two main-line corridors running through the western tip of Kentucky, linking CN's network in Illinois to Tennessee and points south to the Gulf Coast. Amtrak's *City of New Orleans* passenger rail service operates on CN tracks and stops in Fulton.

## Network Investments

Over the past decade, CN has invested about US\$100 million to build and maintain a safe and efficient network in Kentucky and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, public crossings, culverts, signal systems and other track infrastructure.

## Community Investments

In 2023, CN contributed to several Kentucky-based organizations, including:

**COMMUNITY FOUNDATION OF WEST KENTUCKY** The organization works to improve the quality of life in Western Kentucky through various programs such as micro-grants, scholarships, and disaster relief for tornado survivors.

**PADUCAH COMMUNITY KITCHEN** CN supports the Paducah Community Kitchen's mission to feed the hungry and provide a safe place to take a shower and do laundry.

**UNITED WAY OF PADUCAH-McCRACKEN COUNTY** CN contributed to the United Way of Paducah-McCracken County to support their mission to serve the community by improving conditions in education, income and health.
